Le long ruban de la table du Bar Pop'Up restaurant s'envole vers les nuages. Elle devient le support d'une longue phrase en écriture automatique que rien n'arrête, l'imaginaire est en marche. Quelques nuages de papier découpés enfantins flottent ici et là.

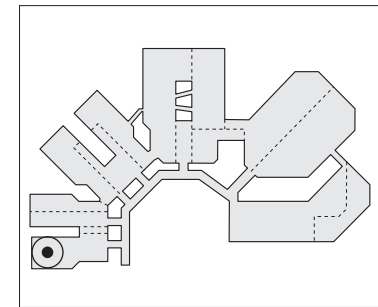

La surréalité ne serait-elle l'expression de nos rêves d'enfant ?

C'est finalement si beau d'avoir la tête dans les nuages le temps d'un verre ou d'un déjeuner !

The long ribbon of the table at the Bar Pop'Up restaurant flies off into the clouds. It becomes the base for a long phrase of automatic writing that nothing can stop, since imagination has taken flight. A few childlike paper clouds float around here and there.

Isn't surreality a further expression of our childhood dreams?

In the end, it's so lovely to have our heads in the clouds while we take a break for a drink or a bite to eat!

En janvier 2025, l'enveloppe du restaurant Mariage Frères se transforme en théâtre d'ombres surréalistes. Les nuages se déploient lentement tandis que d'étranges personnages surgissent de tasses et théières.

Le temps d'une pause gourmande, posons-nous la question ; ceci est-il véritablement une théière ?

In January 2025, the exterior of the Mariage Frères restaurant will be transformed into the setting of a surrealistic shadow play. Clouds slowly unfurl while mysterious characters emerge from the cups and teapots.

While you take a gourmet break, ask yourself this question: is this really a teapot?
